Explore More: Water Quality Mini WebQuest

NAME:_____ **DATE:**_____

This Mini WebQuest is designed to get you familiar with the *Explore More: Water Quality* Web site and prepare you to take the WebQuest challenge. You will need to explore the site to find the answers.

1. List seven ways we use water and provide an example of each.

2. Which water pollutant can we control the most? Explain why.

3. What is hydrologic modification? Why is it important to understand?

4. What does L.D. McMullen say is an exciting new treatment for water purification?

5. What do pervious and impervious mean? How are they related to the hydrologic cycle?
